

CEffectResource::Release

```
graph LR; A[CEffectResource::Release] --> B[CEffectResource::GetInstance]
```

A diagram showing a call from CEffectResource::Release to CEffectResource::GetInstance. The first box, CEffectResource::Release, is shaded gray and has a black border. A blue arrow points from its right side to the second box, CEffectResource::GetInstance, which is white with a black border.

CEffectResource::GetInstance
