

ClmGuiManager::DragInt

```
graph LR; A[ClmGuiManager::DragInt] --> B[ClmGuiManager::DefaultReset Button]; A --> C[ClmGuiManager::Description Print];
```

The diagram illustrates a central node, `ClmGuiManager::DragInt`, which is highlighted with a gray background. Two blue arrows originate from the right side of this node, pointing to two separate white rectangular boxes. The top box contains the text `ClmGuiManager::DefaultReset Button`, and the bottom box contains `ClmGuiManager::Description Print`. The arrows indicate a relationship or flow from the central `DragInt` component to these two other components.
