

CXAudio2PlayBGM::CreateOgg
Sound

CXAudio2PlaySE::CreateOgg
Sound

clsXAudio2MasterVoice
::GetInterface

```
graph LR; A[CXAudio2PlayBGM::CreateOgg Sound] --> D[clsXAudio2MasterVoice::GetInterface]; B[CXAudio2PlaySE::CreateOgg Sound] --> D;
```

The diagram illustrates a dependency or inheritance relationship. Two functions, CXAudio2PlayBGM::CreateOgg Sound and CXAudio2PlaySE::CreateOgg Sound, are shown on the left. Both functions have arrows pointing to a single function, clsXAudio2MasterVoice::GetInterface, which is highlighted in a gray box on the right. This suggests that both functions rely on or inherit from the GetInterface method of the clsXAudio2MasterVoice class.
